FEBRUARY 24th, 1757. [Numb. 1184.]

The SOUTH-CAROLINA Gazette.

The following Lines were sent us some Weeks ago, when a Report prevailed of an intended Invasion, and could not then be inserted for Want of Room; but as such a Report is again revived, perhaps they may not be unseasonable or unacceptable now.

OH! why is *British* Virtue at a Stand?
Arm *Britons*, arm & guard your threat'ned Land;
Arm for *your Country*, 'tis a glorious Cause;
Arm for *your Safety*, and defend your Laws;
Arm for *Religion*, and protect your State;
Arm for *your Rights*, against impending fate;
Nor let insulting *France* your Lands invade,
Ruin your Settlements, nor spoil your Trade:
If you are *Husbands*, let your tender Wives
Inspire you nobly, to defend their Lives;
Oh! are you *Fathers*, let Parental Love
Your Souls to high heroic Actions move;
If you are *Brave*, let honour be your Aim,
And enter boldly in the Lists of Fame;
If you are *Patriots*, on your Country think,
Nor let it by your Inattention sink:
Be arm'd, stand firm, trust GOD for the Success,
Use you the Means, he'll your Endeavours bless:
Let Glory burn in every *British* Soul,
Each *Individual* strive *to save* the Whole:
United thus, should *France* invade your Land,
Be ready to receive them Sword in Hand:
The Brave die once and Honour seals his Breath;
The Coward many Times—before his Death.

ADVERTISEMENTS.

ON thursday the 3d of *March* next will be sold, by *William Rawlins*, in *Charles-Town*, 30 *GAMBIA* NEGROES, men and women, just arrived in the sloop *Katharine*, *James Hay*'s Master.

WHEREAS little or no regard has been hitherto paid to that part of our advertisement in *August* last, desiring the favour of all persons indebted to us to discharge or settle their respective debts before the 1st of *January*, this is once more to entreat them so to do, on or before the 25th of *March* next, otherwise we shall be under the disagreeable necessity of putting such as remain unsettled into the hands of an attorney.

We have still a few articles remaining on hand, which will be sold very cheap.

James Lennox and *David Deas.*

OUR Stock of Goods on Hand, at our store at *Stono*, are now to be sold at the low advance of NINE for ONE for ready money, or rice and indico at the market price, delivered in *Charles-Town*. All persons indebted to us by bond, note, or accompt, are once more intreated to discharge the same by the first day of *May* next, otherwise their bonds, notes, and accompts will be put into the hands of an attorney. *Alexander Rantowle* & Co.

JAMES REID

PROPOSES to sell his house and land contiguous to his rope-walk, the said house being much too large for his family (which is now reduced to only himself and his wife). The said house is new built, strong, and modish, after the *Chinese* taste, which covers 60 feet square, including the balconies: It is remarkably commodious in many respects; it is both warm in winter, and deemed the most airy in summer of any house in the province, and open to the wholesome sea air: The distance from *Charles Town* is only one mile, which may be presumed would make it suitable for any family, inclined to live either in the most public or private manner in the enjoyment of town or country, to their own choice: To be short, the pleasure and advantages in so agreeable a mansion, cannot be so fully expressed as relished. Any person inclining to see the said house and garden, will be made welcome, and may know the conditions from the said *Reid*, who is generally there, or at his house in *Broad street*, *Charles-Town*.

For LONDON,
The Ship

Master.

All sums not exceeding 20 pounds to be paid down, all above that on a year's credit, paying interest and satisfying the subscriber as to the security. The property of nothing to be altered but as above. *James Bulloch.*

AS the Snow *Peggy*, of *Glascow*, Capt. *Colin Barbanan*, lately cast away on *Cape Romain*, was with the principal part of her cargo consigned to me, I take this method to desire any person or persons that already have, or hereafter may have, saved, found, or secreted any part of the said vessel's sails, rigging, or appurtenances, or any part of her cargo, that they do bring or send the same to me, for which they shall have all reasonable charges allowed, or such towards given as directed by or the law directs. But if any notwithstanding this advertisement retain, keep up, sell, or otherwise dispose of any part of said sails or her cargo, they may depend on being prosecuted with the utmost rigour the law directs.

CHARLES-TOWN, *February* 24.

THE Conferences between His Excellency our Governor and the *Cherokees*, which began the 31st ult. ended on Saturday last; and on Sunday Morning the *Indians* set out for their Country, as well satisfied, and with as good a Disposition, as can be wished, nothing having been wanting on the Part of this Government, to assure them of the good Opinion and Regard it has for all friendly *Indians*, nor in Point of Presents. —— To communicate to the Public, all that passed at these Conferences (which are allowed to be as critical and interesting as any that have ever been held here), would, at this Time, be both tedious and impolitic; but, as some Suspicions have been entertained of the *Little Carpenter*, which ought to be removed, it may not be improper to observe, that two of the *principal* Objects he appears to have had in View, (and which he reserved for the last Conference, only hinting before that he had something of Consequence still to say) were, 1st, *The Suppression of certain Frauds that have been too frequently committed in the Commerce usually carried on betwixt us and them*; and 2dly, *The obtaining a Promise, that he shall be permitted to embark for* England, *when a Man of War may be ready to sail, in order once more to see the Father of His People*, OUR MOST GRACIOUS SOVEREIGN, for which he has expressed a most ardent Desire; and on both these Heads the Answers made him were agreeable to his Inclinations.

On Sunday last arrived here Capt. *Hill*, in a Letter of Marque Ship from *Falmouth* and *Madera*; who, in his Passage, made 4 Prizes, and sent them into the former Port: One of them was a *St. Domingo* Ship, and another a *Dutch* man. laden with Masts, *&c.* for some *French* 74 Gun Ships. On the 4th ult. in the Night, Capt. *Hill* fell in with 4 Ships, which the next Morning he discovered to be two *French* Frigates (of 36 and 24 Guns) with a very large Transports, all full of Soldiers, and steering for *America*, *(most probably destined for the Mississippi, as the Navigation of the St. Lawrence will not be open for some Time yet to come.)* He has brought no public Prints, but informs us, that His Majesty, in his Speech to the Parliament, had recommended the establishing of a well regulated *National Militia*: That Admiral Byng's Trial or Examination had come on, but was not ended: That 16,000 Tons of Shipping had been taken up by the Government, on board of which 12 Regiments at *Portsmouth*, were certainly to be embarked by the 10th of *January*, on some grand Expedition: That Admiral *Knowles* had been to cruize in the Bay of *Biscay*, but was sent for, by Express, to take upon him the Command of a Squadron appointed to go with the above Troops: And, that 'twas thought the Admiral would have the Command of the Expedition.

From *Boston*, we learn, that the Governors of the several Provinces in *New-England* had a Conference there with His Excellency the Earl of *Loudoun*, on the 2d Instant; and that his Lordship was to have had a Conference with the other Governors on the Continent, at Thursday last, at *Philadelphia*.

Such a military Spirit at present prevails in this Town, that several Parties of Gentlemen now associate and meet two or three Times a Week, to be instructed, by experienced Persons, in all the Parts of military Discipline. *An Example worthy of Imitation throughout the Province, wherever it is practicable*; and, we hear, *it will soon be set on Foot in several* Hunting Clubs *in the Country.*

It has been observed, that the *Prussian* Exercise excells all others, in the *Quickness* of their *Loading*, and *well levelling* their Muskets, to which is principally ascribed the great Success of the *Prussian* Armies, who generally make *two or three* swift Fires while they receive one from their Enemies. *A great and singular Advantage!* and which We (who are not likely always to be exempt from Attacks) *should assiduously labour to attain, as our* Slowness in loading, *and* ill-levelling *our Pieces have been remarked as some of our greatest Defects.*

We hear, that the Inhabitants of *St. Helena* Island have petitioned to His Excellency, for a sufficient Number of Cannon, &c. to mount a good Fort there; offering and engaging to build and defend it themselves.

The Inhabitants of *Williamsburg*, we hear, have also offered to build a Fort in that Township, at their own Expence, if the Government will allow them Cannon and Stores for its Defence. *With how much more Ease might not the more wealthy Parts of this Province be fortified, was a Spirit like that of the* Williamsburgers *a little more general.*

Capt. *Conyers* from *Bermuda*, confirms the Account we gave in our last, of the taking of the Island of *St. Bartholomew*; and adds, that one of the *North-American* Privateers was blown up. If this Island is of so much Consequence to our Trade as has been represented, Capt. *Cook*'s keeping Possession of it is extremely well judged; for it seems, it was a Nest for *French* Privateers, who had a Signal House there, from whence they could discern what Vessels were proper for them to attempt, without being under a Necessity of keeping the Sea, and where they immediately returned when proper.

We are inform'd, that *three* of the Transports with Troops from *Cork* are put into *Virginia*, having been beat off the Coast of *New York*.

Last Sunday arrived here from *Providence*, Capt. *Thomas Brown*, late Master of the Scooner *Hazard* of this Port, who was taken on the 25th of *June* last, by 3 *French* Men of War, and carried into Cape-*François*, where he was immediately put in Goal, and confined 7 Months, 'till a Flag of Truce arrived from *Bermuda*, which brought him, with 8 other Masters away: Capt *Brown* says, that all *English* Prisoners were put together, without Distinction, into the same Rooms with Negroes, Felons, *&c.* at the Cape, and very scurvily treated. Another Flag of Truce, sent from *Providence* to *Port au Paix*, was also returned with 21 Prisoners, amongst which were 9 Masters of Vessels, who all underwent the same Treatment there as those at the Cape.

The *Garland* Man of War, commanded by Capt. *Arbuthnot*, on the 8th Instant, carried into *Providence*, a *Spanish* Ship, which she took off *Hispaniola*, call'd *N. S. del Rosario y San Francisco Xavier*, from *Marseilles* bound for *St Domingo*, with a valuable Cargo of Dry Goods, all *French* Property.

Capt. *Sweeting*, in a *Rhode-Island* Privateer called the *Black-Snake*, also carried in there, on the 9th, a *Dutch* Snow call'd the *Vrow Cornelia, Jan Smit* Master, from *St. Eustatia* for *St. Domingo*, with a *French* Cargo.

The *Peggy*, said in our last to be ashore upon *Cape-Romain*, is since beat to Pieces there, and none of her Cargo saved.

The Sloop *Hannah*, *Thomas Francis* Master, from *Philadelphia* for this Port, is lost upon the Coast of *North-Carolina*, but great Part of her Cargo saved.

The Sloop *Molly*, *William Earle* Master, from *Rhode Island* for *Jamaica*, was lately lost upon the Rocks off *Bermuda*, but the Master and Crew saved.

The *Prince of Wales*, Capt. *Bell* (which sailed from hence in *October* last) in her Passage for *Bristol*, was taken by a *French* Privateer, and ransomed.
